

We are looking for you!

For the Building Information Management GLW GmbH we are looking for you as a civil engineer!

We offer consulting and services for digitization in the construction industry since 2020. We consider the BIM-Method on company and project level to establish a consistent data and information management for our clients. Furthermore we focus on the development of business areas in the context of digitization and support our clients with customized change management. Our business model consists of four business areas, BIM- consulting, BIM-management, BIM-coordination, BIM-5D and BIM-factory planning.

We are looking for you as a civil engineer on a part-time or full-time basis.

Setting

- > work in a young and interdisciplinary team
- > flexible working hours and locations as well as up to 100% homeoffice
- > IT-equipment
- > different projects with diverse job assignments and exciting activities

Tasks

- > support of varied and challenging projects
- > self-directed project leadership at BIM-coordination
- > BIM-based quantity determination

Requirements

- > completed vocational training with further education as a civil engineer, master or comparable qualifications
- > communication skills
- > German and English speaking skills
- > at least 2 years of working experiences at building realization
- > preferable experiences in HOAI service phases 1-9
- > knowledge in AutoCAD or Revit
- > self-governing and treat-to-target way of working
- > ability to work in a team

We look forward to you!
