

We are looking for you!

For the Building Information Management GLW GmbH we are looking for you as a working student!

We offer consulting and services for digitization in the construction industry since 2020. We consider the BIM-Method on company and project level to establish a consistent data and information management for our clients. Furthermore we focus on the development of business areas in the context of digitization and support our clients with customized change management. Our business model consists of four business areas, BIM- consulting, BIM-management, BIM-coordination, BIM-5D and BIM-factory planning.

We are looking for you as a working student from the fields of civil engineering, architecture or computer science from 10 hours per week.

Setting

- > work in a young and interdisciplinary team
- > flexible working hours and locations with consideration of lectures and exams
- > different projects with diverse job assignments and exciting activities

Tasks

- > support in the business area BIM-Management and BIM-coordination on project level
- > collaborative development of digitizational strategies for diverse clients in project teams
- > co-creation in development of internal company standards

Requirements

- > interest and motivation in the topic digitization
- > competent EDP-aided knowledge
- > self-reliant way of working
- > ability for teamwork

We look forward to you!
